

RAM® EZ-Roll'r™ Cradle for Samsung Tab Active Pro

These RAM® EZ-Roll'r™ powered cradles and transportation bundles for the Samsung Tab Active Pro are designed to meet the demands of field workers and fleets in a variety of applications. These cradles are also compatible with the RAM® Skin™ for the Tab Active Pro and the factory Samsung skin included with the device. In addition, the RAM® EZ-Roll'r™ cradles works perfectly with the RAM® Skin™ while utilizing the GDS® HandStand™ or GDS® shoulder strap. While keeping the Tab Active Pro secure, these powered cradles leave the device's speakers, mics, headphone jack, and NFC reader exposed and usable. And the transportation bundles feature everything needed to keep the Tab Active Pro powered and secure in the cab, including the cradle, double ball mount, backing plate adapter, charger, cable, and cable clamp.
